## Lieut. DuRette Starts S. A. T. C.

### President Wilson Sends Message to Boys.

Lieutenant Cecil A. Du Rette arrived at the Normal September 30 to take in charge the registrants for the S. A. T. C. He spent Monday, Wednesday, and Friday in Maryville and Tuesday and Thursday in Tarkio. On Wednesday, the boys were given their physical examination.

The rooms on the fourth floor, formerly occupied by the art department have been given to the corps as barracks. Miss DeLuce is now in room 313. The manual training quarters have been made into mess rooms, the bench room having become the dining hall, the mechanical drawing room the serving room, and the mill room the kitchen.

The manual training shop has been moved to the balcony of the gymnasium.

To the S. A. T. C. at Columbia, President Wilson sent a message which might well be applied to our own corps. It reads in part:

"To succeed, you must not only be inspired by the ideals for which this country stands, but you must also be masters of the technique with which the battle is fought. You must not only be thrilled with zeal for the common welfare, but you must also be masters of the weapons of today."

Assistant Secretary of War, Benedict Crowell, said in his message:

"In entering upon this training as student soldiers you have the opportunity of developing your abilities to the point where they will be most effective in the common struggle."

### PRIMARY COUNCIL MEETS.

The Primary Council held its first meeting Sept. 17. Ten new members were taken into the Council. The third Tuesday of each month was chosen as the regular time of meeting.

The meetings are held alternately at the Normal and at one of the ward schools of the city. The next meeting will be held at the Garfield school.

The Council is planning to give a luncheon during the teacher's association, Oct. 24-26. All visiting members and others interested are invited.

The chairman of the National Council, Miss Dobbs, is to be one of the speakers at the association.

### THE PIRATE REVEALS HIMSELF.

The Pirate, who has been mystifying the school for a week did not make himself known until about nine o'clock Monday night, Sept. 30.

As the students passed the bulletin board, they saw from the announcement—All students attend Assembly Tuesday, Sept. 24, or you will be "tipped the black spot." (signed) The Pirate.—that there was a Pirate in the school.

The program committee were very much confused when Miss Winn asked to be put on the program for assembly that day—a very unusual occurrence. When she appeared she told the story of the Pirate from Stevenson's, Treasure Island, with a final moral, to follow the leading of the Pirate or "be tipped the black spot." As each girl passed out of the auditorium, she received a small black circle with this warning—

"You will be 'tipped the black spot' if you do not come to the west gym, September 30, at 7:30 p. m." It was no unusual thing to see groups going down the corridors trying to guess the secret. Not until Friday did the Pirate make his presence felt again, when bewildered presidents of classes read to still more bewildered groups of girls the following announcement: Come dressed in "kid" dress Monday night or "be tipped the black spot"—The Pirate.

The Pirate was well pleased on Monday night with the response to his warnings. In the midst of childish games a group of children came out and offered to entertain for a while. The other children all sat on the floor in a circle with that same mysterious look on their faces again. Not until the 12 senior girls and their adviser gave an original poem, the first word of each verse beginning with the following letters SENIORS, and the numerals 1919, did the guests realize that the pirate and the senior class were one and the same.

Those who did not come were "tipped the black spot" because they missed the chance to go thru the experiences of childhood again.

### FACULTY MEMBERS JOIN HOME GUARDS.

Five members of the faculty have recently joined the Home Guards. These are Messrs W. J. Osburn, C. C. Leeson, A. J. Cauffield, S. A. Davis, and W. A. Rickenbrode. Mr. Swinehart joined earlier and is now Second Lieutenant.

### HELP FRENCH WAR ORPHANS.

Miss Floyd wishes to meet all the men and women of the school individually and the presidents of the classes and the various organizations.

She is very much interested in the French orphans and desires to bring this matter before the entire student body. Do not fail to see her at once. You will find yourself very much inspired; and will, without doubt feel you would like to do something to further the cause.

### HIGH SCHOOL ASSOCIATION PLAN YEAR'S WORK.

Mr. Swinehart was in St. Joseph on Saturday, Sept. 21, in conference with the Board of Control of the Inter High School Association. The men met at the Robidoux Hotel to plan the program for the high schools this year. The constitution and by-laws were discussed and regulated. All dues will be taken by the corresponding secretary at present.

The Board of Control is now working on a subject for debate this year. The various activities for the high schools are: debating, football, basket ball, track, music and literary contests.

The members of the board are: Mr. Beasley, Mr. Boyd, Mr. Duncan, Mr. Osburn, Mr. Magee, and Mr. Swinehart. The only school which entered in all events last year was Savannah.

### GET ACQUAINTED TEA.

The Y. W. C. A. gave a "Get Acquainted" tea in the ladies' parlor on Tuesday, Sept. 24. The piano was moved into the room and the afternoon was spent very informally. Singing by the entire group was interspersed with special numbers by Dale Hulet, Mr. Osborn, and Alyce Leeper.

## Chris. Leavel Killed in Action

### Gold Star Shines Among 193 Blue On Flag.

The first gold star on the Normal's service flag will shine for Chris Leavel who was killed in action Aug. 10. Private Leavel attended the Normal during the 1913-1914 terms, coming here from the Dearborn High School. Word of his death was received by his family a short time ago. President Richardson is planning to hold an appropriate memorial service.

Eight more names have been added to the Normal honor roll this week. These names raise our number to 193. The new men in the service are: Frank Cooper, George Neff, Loren Joslin, W. W. Crockett, W. E. Campbell, Irving E. Reeves, in the army; Ralph Palmer and Charles McReynolds in the navy.

Add the Weight of Your Money to Pershing's Pressure.

### WOMAN'S CITIZEN LEAGUE FORMED.

A Nodaway County Woman's Citizen League has been organized by the women of the county. The following faculty women are members—Misses Brunner, DeLuce, Winn, Floyd, Anthony, Miller and Helwig.

The purpose of the organization is to make a study of national, local and civic education; child welfare; food conservation; and to engage in war activities of various kinds.

At a meeting held recently with Mrs. Osborn as chairman, Miss Jessie Parcher of Maryville was elected president and Miss Hettie Anthony, first vice-president.

Enlist as Our Soldiers Do. Buy Bonds and Keep Them.

### JUNIORS ELECT OFFICERS.

The junior class met Sept. 30 and elected the following officers: President, Alyce Leeper; vice-president, Gertrude Walker; secretary and treasurer, Mabel Curnutt; staff representative, Alyce Leeper. The other members of the class are: Eunice Gromer, Alberta Hahn and Louise Rowlett.

### BONDS SPEAK LOUDER THAN WORDS.

Do you want to win the War? Yes, you do; but just how anxious are you for Allied victory? The American Army has left small room for doubt, in the minds of the German people, either of its intentions or of its ability to carry them out. The Kaiser knows well, the attitude of President Wilson. His only hope is that the American people will fail to stand back of their President and Army. He is looking for his answer in their support of the Liberty Loan of Sept.-Oct., 1918. It depends on your neighbor, and it depends on you. What is your answer to the Kaiser? Bonds speak louder than words. Buy Them!

—Eula Snowberger.

### THE KAISER'S BACKER.

What are you going to do to help your Country? This call is coming in October to each one of you. It makes no difference to Uncle Sam when you came here, why or how. Just look what he has done for you. Are you willing to help him, too? if so get in line and don't be one of those fault finding kind. If you are too old or young to fight, here is another chance to do what's right. In October you are going to be given a chance to invest your money in something that will last. All Uncle Sam is asking of you is to buy a Liberty Bond or two. Every true American will answer this call. And if your name is not on the roll, class yourself as you will be known:—The bond slacker and Kaiser's backer.

—Pearl Bryant.

Jokes .....All Philos  
"To Be" .....Some Philos

One new member was added to the society, Viola Barber.

### EUREKANS GIVE WAR PROGRAM.

The Eurekans met again on Wednesday, Sept. 25. We had with us one of our old members, Charles McReynolds. Miss Winn was also a visitor. The work of the Y. M. C. A. was discussed by Mayhew Saville. A talk on the war was given by Ida Bosch.

A new plan of work has been adopted by the Eurekans. The plan covers a series of war programs. Each program takes up a few of the leaders in war work of the various Allies. The United States was taken up in the first meeting of the series, held Oct. 2. Etha Henderson discussed Pershing and his part in the war. Lou Mutz gave us a talk on Crowder. Lena Murry reviewed the work of March. At our next meeting we will take up the French war leaders.

### EXCELSIORS PLAY FOOTBALL.

"The Excelsiors will not fumble opportunity when it is tossed their way but will plunge down the open field to the coveted goal of success leaving their opponents in hot pursuit," said Herbert Pugh, in his talk on Forward Pass, at the Excelsior football meeting on Wednesday, Sept. 25.

The game was a success. All did their best and the game was fast and snappy.

The following is the program:

The game was well attended. The spectators showed as much interest and enthusiasm as the participants.

At the business meeting Miss Beatrix Winn was elected sponsor, and Mr. Harry A. Miller, adviser of the society. Herbert G. Pugh was elected sergeant-at-arms and yell leader.

War poems were read and an excellent talk was given by Mr. Miller

to the members of the Excelsior Literary Society at the meeting on Oct. 2. The program is as follows:

### FRESHMEN SERENADE THE TOWN.

The Freshman picnic was very enjoyable. Monday, Sept. 23, forty Freshmen walked railroad ties as far as Atherton's woods, where they ate supper and sang songs. They then proceeded to the Burlington depot, and serenaded the 8:25 train. From there they marched to the Empire theatre and sang:

We want to see your show,

Your beautiful show,

This next picture show;

We want to go just to have some fun,

Please let us in, for we have no mon;

We will sing you a song,

A beautiful song,

But not very long;

Open your doors, and let us go in,

For we want to see your show.

Mr. Kuchs responded nobly by "opening his doors" to the party. They sang between reels, and sang a hymn of thanks as they left.

Mr. Ziegler of the High School was serenaded, and an unknown youth who studied very hard was advised to pack up his troubles in his old kit bag, and smile, smile, smile.

Mr. and Mrs. Osburn and Miss Boggs chaperoned the crowd.

### ASSEMBLY.

Tuesday morning at 10:00 o'clock, Mr. Herman Bowmar spoke on the subject of co-operation. Mr. Bowmar is the general secretary of the Missouri State Sunday School Association.

Many illustrations of his subject were taken from the business world. Mr. Bowmar also showed how co-operation during the present war is working toward victories for the Allies. The present situation in Bulgaria was caused by co-operation among the Allies. The Allies have a common end in view. All are working under the supreme command of Foch.

Even in the religious world people are co-operating. All denominations are being educated in the same public schools. Religion is changing as the demands of civilization change, with co-operation as its underlying principle.

Mr. Bowman brought his talk to a close by giving a beautiful fairy story. The thread of the story showed what co-operation has done in the past.

## ALUMNI NOTES.

Ruth Foster writes about her work in Arkansas City, Kansas.

"This is a city of eleven thousand. The building is new and very large. I teach mechanical drawing only; have 126 junior and senior high school boys. Best equipment; 24 fine benches, 100 lockers, 18 electric lights hanging low and shaded, exhibit board 1 yard by 8 yards."

Mr. and Mrs. Albert Watson, Maryville, received a telegram Sept. 24th, from Washington, D. C., stating that their son Harvey was severely wounded in the leg, July 19th. A message from him later says he is improving rapidly.

Mr. and Mrs. John Henry Hanna of Pickering received word that their son, Lisle Hanna, who is at the Great Lakes Naval Station is seriously ill with Spanish influenza, which is feared will develop into pneumonia. Lisle received his B. S. degree in 1917.

Ralph McClintock, 1917, has received his Lieutenant's Commission in the Aviation Service.

Henry A. Miller, 1916, has finished his training at Harvard and has been sent to join the naval aviation corps at Camp Bennett, Pensacola, Florida.

Nina Bent, 1917, Silver City, Ia., spent the week end with her parents in this city.

Dona Peters, 1917, was married to Mr. Merrill Tooley, of Monroe City, Friday, September 27th.

Notes from Lowell L. Livengood, 1916:

I have been in France for a considerable time. We have beautiful scenery. In many ways the name Sunny France has been well given to this country. But in justice to all concerned, I think I can honestly say, there is no place quite so great as our own. Before I crossed the water I was pleased to picture the Old World as being far ahead of us. But now I realize what youth and vigor mean to a nation, for it is those salient qualities that have placed us far ahead of the old world.

The Y. M. C. A., Red Cross, and Salvation Army are doing a wonderful work. I really don't know what we would do without them. They give us a bit of home when we are far away from home. It is a great sight to see the boys, after they have returned from the front, collect in some Y. M. C. A. hut and have a song service of their own.

Your Money Should Not Be Neutral; Enlist It in the Fourth Loan.

Marjorie Ruh spent the week-end in Kansas City. While there she saw one of the large machine guns which had been captured from the Germans at the front. It was sent to Kansas City for show during the Fourth Liberty Loan campaign. The gun was well camouflaged in blue and green when captured. It is guarded constantly by six soldiers.

The More Bonds You Buy the Fewer Boys Will Die.

Katherine Irwin, President Richardson's former secretary, left Sunday, Sept. 29, for Redding, Iowa, where she will spend a few days with friends. From there she will go to her home at Shelbyville, Mo.

Dig Up the Coin and Bury the Hun.

Posters! Posters! You ought to see what the class in Art 11 has been doing. Every member has made a poster representing something of current importance. The art value of these posters lies in the spacing and lettering of the page. There were some made for the Liberty Loan, Red Cross and conservation work. Others were of more local nature such as tennis for the physical education department, Eureka program for the society, Boy Scout entertainment and one for the music department.

Eva Whitehead, who teaches in a rural school near Maryville, was seriously injured Sept. 27, when a car in which she was riding home from school over-turned and threw her out. She received bad cuts on the face and was otherwise injured. It will be some time before she will be able to resume her work.

## Seniors Gain One, Are to Lose One To the Nurses Service.

Lillie Nelson, assistant in the kindergarten, joined the senior class last week bringing the number to one dozen.

Carrie Coler, another senior has received her call for service in the nurses corps. She will not leave school until the close of this quarter.

Buy Over Here To Win Over There.

Mr. H. B. Schuler, formerly of the music department of the Normal, is now Y. M. C. A. director at Camp Funston. Mrs. Schuler is at the Hostess House there.

Mr. Miller's family has returned from the Ozarks. They will spend the school year here.

Miss Tessie Degan visited the Benton High School of St. Joseph, Friday, Sept. 28 in the interest of the S. A. T. C. She interviewed many of the boys, some of whom will join now and others Jan. 1. The majority of the Benton graduates had already joined the army or the navy.

Ray Nichols, who has been stationed at Camp at Waco, Tex., has been transferred to the replacement camp. He may leave for France within a few weeks. He was a student here last year, and left for the Camp at Waco about a month ago.

President Richardson, Mr. Brink, Miss Anthony and Mrs. Perrin spent Saturday, Sept. 28, in Kansas City, purchasing equipment for the S. A. T. C.

President Richardson spent Wednesday, Sept. 25, in Columbia conferring with Dr. Hill, regional director of S. A. T. C.

## LETTER FROM VERN CORNELIUS.

Vern Cornelius, a former Philo, writes the following letter to a friend: When you once make the trip across, you will not wonder at the long time it takes a letter. You go for days and everything looks just the same.

In the next few days we will be moving toward the great battle ground of the world. We are now far out in the country in a deep forest. We sleep in tents. I like the life fine except when it rains (and that has been quite frequently) for with a tent the highest point only three feet and about five feet wide and six feet long, it is hard to keep both head and feet dry. Every night I think every species of bug France can produce pass in review over us.

Wish you could see some of the outfits passing up and down the road. You would die laughing. A little old house on two wheels they call a show. It is pulled by a "burro" and a dog. When they drive mules they have no harness except a bridle and a sort of collar.

I guess you realize how hard it is for us to write. I am sitting on the ground back of my tent, leaning against my barrack bag, writing on my knees.

## Bonds Speak Louder Than Words.

Ivah Ward, president of the senior class, was called to her home in King City by the illness of her brother, Gordon. While at Columbia, early in the fall, he was stricken with typhoid fever. Returning home, he planned to continue his work with the Normal S. A. T. C. when he suffered a relapse.

Chloe Powers of Princeton, a former student here, has joined the nurses corps. She has received notice that she will be assigned her place very soon.

On Sept. 19, Mr. Osburn left for a trip in the interest of the S. A. T. C. His object was to find out the age and qualifications of the boys entering. He visited St. Joseph, Dearborn, Excelsior Springs, Richmond and Lathrop. Mr. Osburn returned Sept. 22.

## THE STROLLER.

A couple of Saturdays ago, as the Stroller strolled up the street he heard this conversation between two Normal people:

"Been to the suffragette meeting?"

"Yes."

"Slow, wasn't it?"

"Oh, no, I had a lovely time smiling at the man who made the speeches. One must have some fun even at a suffrage meeting."

Heard in the Demonstration School:

George: "Do towels have microbes on them?"

Miss W——: "Yes."

George: "And water, does it have microbes in it?"

Miss W——: "Yes."

George: "Oh, gee, what's the use of washing?"

Sample of patriotism taught faculty members' children:

Sunday school teacher: "And now, children, do you know who it is who looks after you, guards you from harm, and always takes such good care of you?"

Daughter of faculty member: "John Pershing."

Heard at Perrin Hall: a lull in the conversation at the breakfast table:

Faculty member (whose wife is in Kansas City): "I am all by myself."

Unmarried Normal teacher: "And I am all alone, too." (?)

Once upon a time, there was a Normalite, and her name was Winderella, and she went to a kid party. As she came home, she lost her slipper. But the prince had to go away that day and instead of him finding it, the meddlesome old commercial teacher picked it up and took it in the house. And that's all of the story.

Can you tell the folks who were tipped the black spot? The Stroller can. They are those old and decrepit grouches you see hobbling about the hall. All the gay and giddy ones believed in pirates as good children should, and went to the kid party. You may expect to see most any day an increase in the death rate of the Normal due to old age and the black spot of the pirate denoting that their time has come.

The seniors may think they know it all, but they don't. The Stroller knows all about that automobile ride, and if they do not behave he is going to tell on them. The idea of a dozen seniors kidnapping one lone man! They ought to be pirates with their old black spots. But you can bet, we boys of the S. A. T. C., are going to see that the man gets fair play.

Liberty Bond or Liberty Bound, Which Will You Have It?

Charles McReynolds, who has been attending Chicago University, has been called to the Great Lakes Training Camp. He left Maryville, Thursday, Sept. 26, after a short visit in this city.

Miss Dykes and Miss Winn went to Stanberry, Saturday, Sept. 28. From there, they walked to King City, a distance of twelve miles. The walk was made in four hours. They spent the week-end at Miss Dykes' home.

The Missouri State Survey is now ready for publication. This includes the psychological tests of ten per cent of the rural school children of Missouri. The subjects tested were arithmetic, reading, spelling, and writing. The results were collected and sent to the educational institutions. The rural schools are now divided into classes A, B and C; the results are being figured separately for each class.

Many of the tests were given by ladies' clubs and teacher training schools. This work was started last year in Missouri. Four years ago the Carnegie institution started this movement but failed to get out any reports. It has now spread to a state wide movement in Missouri.

The tests for reading and arithmetic are the Curtis tests; in spelling, the Ayres test. There is no special test for writing. The tests may be secured from S. A. Curtis, Detroit, Mich.

Mrs. Cecile Fraser Hart returned to her home in Akron, Colorado, last week. She has been here visiting during the furlough of her husband. She will begin teaching in Akron this week.

Be One of the Millions to Lend the Billions.

Mr. Swinehart refereed a game between Stanberry and Pattonsburg Sept. 27.

Leslie Holcomb of Amazonia returned to the Normal Sept. 30. He resigned his position as teacher in the Amazonia public school, in order to take the S. A. T. C. training, offered here.

Warren Wilson, of Guilford enrolled Sept. 31.

Mary Angell and Lou Mutz spent Saturday, Sept. 28, in St. Joseph.

## WAR WORK AMONG CHILDREN.

The pupils of the demonstration school are doing their part to help win the war, war activities of various kinds being well under way.

The entire school is organized for Junior Red Cross work. Last year the pupils raised money to support a French War orphan. They have started raising money for this purpose this year by selling paper.

Recently they received a picture of the child together with a letter from the mother stating that the address was changed on account of bombardment.

The pupils have collected enough peach seeds to provide material for several gas masks.

The third and fourth grades are receiving instruction in food conservation. They are preserving, canning and pickling fruits and vegetables.

Current history is being taught in the four upper grades; and sewing in the fifth and sixth grades. Military drill has been introduced in the fifth and sixth grades and in the Junior High School.

The entire school is busy practicing patriotic airs and folk songs for community singing.

Eunice Gromer spent Saturday, Sept. 21, in St. Joseph.

## THE SOLDIER GIVES, YOU MUST LEND.

Two great battles are being fought against Germany—one in France and one in America. We shall win on both fronts. Our boys in khaki are winning in their battle on the Western Front, and it is up to us to do our utmost to help win that battle which is being fought here in America.

Our soldiers over there are giving their lives, is it asking too much of us that we make a few sacrifices and lend our money to the government for a good rate of interest so that our army may be well-clothed, well-fed, and well-equipped?

We must lend! We must not hang back hoping that before our hour for sacrifice comes the necessity for sacrifice will be over. Our time is NOW!
